- Virtual Production Using Unreal Engine 5 at Womb Studios {2/2024 - 9/2024}

Graduation Project:

- **Battle Royal Game using unreal engine 5 {video}**
 - The Game is a mix of The Chinese Building Architecture and The Egyptian Chinese University environment,
 - our game is last man standing game where the player collects abilities across the map and fight with the enemies,
 - there are 3 abilities (Fire channel, Fireball, Air ability that gives the player speed boost and floating while jumping)

You can find videos for the game [here](#)

Technical Projects:

- Games [Portfolio](#)
- UI [Projects](#)
- Freelance Projects
→ [Shatta](#)

Extracurricular Activities:

- PR Vice head at **ICPC** at ECU (2022)
- Programming Team member in **ACM** at The Egyptian Chinese University. (2022)
- PR Member at **IEEE** ECU branch (2021-2023)
- Head of Software Technical Team at IEEE ECU SB (2023-2024)
- Organizer at CDIS 2023

Competitions:

- Participate as a player in Ben-10 Ultimate Challenge competition By Cartoon Network at London
- Participate as a player in Insomnia Egypt FIFA tournament 2022 and reached round of 16
- Participate as a player at Kings Arena 2021 FIFA tournament
- Won Silver Medal in [ICTBall](#) Ramadan League and earned the best Goalkeeper

Skills:

➤ **Computer and Technical Skills**

- Unreal Engine 5
- Unity
- Game Level Design
- Programming Using C++, C#, C, Python, Java, JS, HTML, CSS
- Web Development
- Adobe XD

➤ **Additional Skills**

- Presentation, Public speaking, Cooperative, Team player, Ability to learn and solve problems, Self-motivated, Ambitious, Work under pressure, Multi-Tasking, Planning and scheduling.

➤ **Language**

- **Arabic** : Native.
- **English** : Excellent

Courses:

Finished Courses:

- Android development (**ITI**)
- CS 50 Introduction to game development (**GD50**)
- UE5 Beginner Blueprints (**Udemy**)
- Game Writing: Storytelling through Video Game Design (**Udemy**)
- Design Patterns For Game Programming Unity 6 (**Udemy**)
- The Psychology Of Games - Secrets of Good Game Design (**Udemy**)
- Agile Fundamentals Including Scrum & Kanban (**Udemy**)

Military Status : Postponed
